6.Cleaning and maintenance

- 1.It is absolutely essential that the fixture is kept clean and that dust, dirt and smoke-fluid residues must not build up on or within the fixture.
- 2.Regular cleaning will not only ensure the maximum light-output, but will also allow the fixture to function reliably throughout its life.
- 3.A soft lint-free cloth moistened with any good glass cleaning fluid is recommended, under no circumstances should alcohol or solvents be used!
